A Seminar

“Business Intelligence and Knowledge Management Systems for the Entrepreneurs”

The department of MBA in association with ISTE student chapter of Sree Rama Engineering College had organized a one-day Seminar on “Business Intelligence and Knowledge Management Systems for the entrepreneurs” on 17th February, 2020. A total of 173 students were registered for this Seminar. This schedule is as follows:

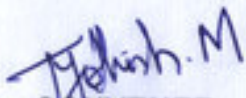

Date	Topic	Time
17-2-2020	Introduction to Business	10:00 AM to 1:00 PM
	Significance of Business Intelligence	
	Awareness on Future Competition in the market for business intelligence	
	About knowledge management	
	Identifying opportunities and challenges that entrepreneurs and small business owners.	

**Students gather for SEMINAR ON BUSINESS INTELLIGENCE AND KNOWLEDGE
MANAGEMENT SYSTEMS ON 17TH FEBRUARY 2020.**

After completion of this programme, students will be able to answer Competition among companies has intensified during the last few decades and hence monitoring the organization's environment has become a priority.

The Speaker highlighted in this seminar about Monitoring the internal and external environments involves collecting, retrieving, managing, and disseminating large volumes of data and information. Companies are able to handle these complex tasks very efficiently through knowledge management (KM). A valuable tool of KM is business intelligence (BI), that is, the set of coordinated actions of research, treatment, and distribution of information that can help support the company's competitiveness. This study aims to evaluate BI and quantitatively demonstrate its impact on the competitiveness of an organization.

One Day Workshop on

RESEARCH CHALLENGES IN ELECTRICAL ENGINEERING

The department of EEE organized a one day workshop on "Research challenges in Electrical Engineering" under ISTE student chapter on 22nd October 2019. The main aim of this workshop is to create awareness on research scope in electrical engineering to meet today's challenges of clean, high quality energy. This workshop is meant for III & IV B. Tech EEE students and faculty. The resource person for this workshop is Mr. A. Muni Sankar, Assistant Professor of EEE in Sree Vidyanikethan Engineering College. 36 students participated in this event.

The detailed schedule of this workshop is as follows:

Session	Topic	Speaker
Forenoon session	- significance and scope for research in electrical engineering - how to identify research gaps from published review papers	Mr. A. Muni Sankar Assistant Professor of EEE, Sree Vidyanikethan Engineering College, Tirupati
Afternoon session	- How to compare the existing methods for filling the research gaps - latest technologies in electrical engineering	

Dr. K.JayaChandra, Principal, SRET welcomed the distinguished speaker and participants. In the welcome speech, he highlighted the significance of research in electrical engineering. He also instructed all the faculty members and students should follow all the workshop sessions without fail.

Mr. A. Munishankar, started the forenoon session with the discussion on significance of research and scope for research in electrical engineering. He enumerated various research areas of electrical engineering such as role of power electronics in power systems, Micro grid & smart grid technology, applications of artificial intelligence

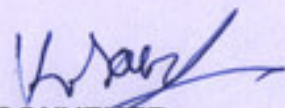

techniques to electrical systems etc., later he demonstrated how to identify research gaps from published review papers in the desired area.

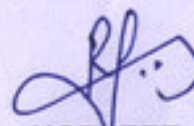

A Muni Sankar is showing research gaps in Electrical Engineering

In the afternoon session, he described how to compare the existing methods for filling the research gaps. He highlighted the latest technologies in electrical engineering. Later, he clarified all the queries raised by the participants.

At last, the convener, SRET had delivered vote of thanks to the SRET management, distinguished speaker and faculty members. Later, the workshop ends with National Anthem.

One Day Workshop on **CRAFTING A BUSINESS PLAN TO BECOME ENTREPRENEURS**

The department of MBA organized a one-day workshop on **"Crafting A Business Plan to Become Entrepreneurs"** on 24-09-2019. Total 85 students attended for this one-day workshop. The main aim of this workshop is to develop new ideas may require challenging yourself continuously and exploring new paths or methods. This type of entrepreneurship can help professionals focus on collecting ideas from a variety of places and find enough data to build the perfect strategy to implement these ideas. Entrepreneurs can introduce innovation to the business through product development, process improvement, service and business model improvement. Any new product takes a while to get the kinks out. This workshop is meant for students and faculty.

Dr.K. Jaya Chandra, Principal, SRET welcomed the distinguished speaker and participants. In the welcome speech, he highlighted the significance of research in electrical engineering. He also instructed all the faculty members and students should follow all the workshop sessions without fail.

STUDENTS ATTENDED FOR THE ONE DAY WORK SHOP ON "Crafting a business plan to become entrepreneurs" on 24th September 2019 by K.ASHOK KUMAR, Assistant Professor, MBA department..

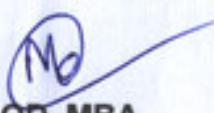

Through this event student can analyse the Business plan and how to write the business plan and what are the key steps involved in preparation of a business plan, he enlighten the students towards the feasibilities to prepare a business plan and explain about the process, important of the business plan to get the funds from the banking and non banking financial institutions to start a business in india.

The Speaker highlighted the fundamental things regarding business plan. Later, he clarified all the queries raised by the participants.

At last, the convener, SRET had delivered vote of thanks to the SRET management, distinguished speaker and faculty members. Later, the workshop ends with National Anthem.

One Day Workshop on **Innovation and Entrepreneur Development**

The department of MBA organized a one-day workshop on “**Innovation and Entrepreneur Development**” on 19-7-2019. Total 56 students attended for this one-day workshop. The main aim of this workshop is to develop new ideas may require challenging yourself continuously and exploring new paths or methods. This type of entrepreneurship can help professionals focus on collecting ideas from a variety of places and find enough data to build the perfect strategy to implement these ideas. Entrepreneurs can introduce innovation to the business through product development, process improvement, service and business model improvement. Any new product takes a while to get the kinks out. This workshop is meant for students and faculty.

Dr.K.Jaya Chandra, Principal, SRET welcomed the distinguished speaker and participants. In the welcome speech, he highlighted the significance of research in electrical engineering. He also instructed all the faculty members and students should follow all the workshop sessions without fail.

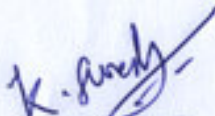

Through this event student can analyse the innovative entrepreneurship is the practice of establishing creating new business ideas intending to generate profit, assist their community and accomplish company goals. Innovation helps an individual entrepreneur or a group of entrepreneurs to improve or replace a particular product, process or service. It allows them to upgrade the products by creating new ideas and values. Innovative entrepreneurs

incorporate various strategies to overcome the challenges in their businesses. It may require entrepreneurs to have a clear strategy and a vision to introduce something innovative to the company.

The Speaker highlighted the latest technologies for Innovative Entrepreneurs. Later, he clarified all the queries raised by the participants.

At last, the convener, SRET had delivered vote of thanks to the SRET management, distinguished speaker and faculty members. Later, the workshop ends with National Anthem.

A seminar on

INTELLECTUAL PROPERTY RIGHTS AND INNOVATIONS

Organized by department of CSE

The department of CSE organized a seminar on "Intellectual Property Rights and Innovations" under ISTE student chapter on 10th July 2019. The purpose of the seminar is to introduce III B. Tech CSE, CE and PG students to the most important conceptual approaches of research as well as to explore and formulate the theoretical framework for the analysis of the topic that is examined in the context of their Postgraduate Dissertation. CSE department invited Mr.K.Sarada Siva Reddy, from Sree Rama Engineering College as speaker for this seminar. 135 students participated in this event.

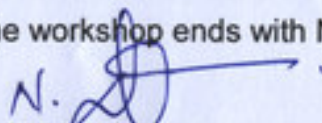

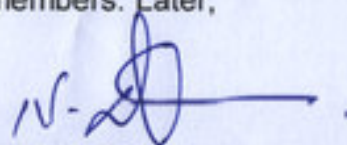

Mr.K.Sarada Siva Reddy is presenting process of applying IP

The resource person starts the session with

- To compare and contrast the different forms of intellectual property protection in terms of their key differences and similarities.
- To encourage young buddies for innovation.
- To aware the participants with the various funding platform and facilities under Institution's Innovation Council.

At last, the convener, SRET had delivered vote of thanks to the SRET management, distinguished speakers from SVEC and faculty members. Later, the workshop ends with National Anthem.
