Dear Sir/Ma'am,

Greetings from e-Yantra!

Thank you for attending the online Lab Inauguration and Valedictory Function.

Congratulations and welcome to the family of eLSI colleges under e-Yantra Lab Setup Initiative. In case you may like to share some of the pictures with us from the session held on 14th March 2019 please email us at support@e-yantra.org.

Once a college has set up a Robotics Lab the teachers and students from eLSI college can participate in the many other initiatives of the e-Yantra project. These initiatives are available ONLY to colleges such as yours which are a part of the eLSI community.

1. **e-Yantra Resource Development Center (eYRDC)**: When the teacher team completes the online Task-Based Training (TBT) and college completes the Lab Setup process then the teacher team get login credentials to access the e-Yantra Resource Development Center (eYRDC).

- eYRDC is exclusive for eLSI colleges, through which we plan to share resources for teachers in these colleges to help them use their e-Yantra labs in an effective manner.
- There are several types of material like Lesson plan, Tutorials, Lectures, Generic projects etc. which can help teachers to utilize the eLSI Lab in an effective manner.

The teachers of ONLY the eLSI colleges have an opportunity to contribute to the lesson plans and get recognized and also receive an honorarium. Click on this link to know more about eYRDC: [e-Yantra Resource Development Center \(eYRDC\)](#).

2. **e-Yantra Farm Setup Initiative (eFSI)**: The project develops a know-how for setting up an automated agriculture project using the Internet of Things (IoT)– a test bed for addressing a real-world problem and hands-on learning for students on the application of what they learned in theory through a fun and productive exercise. Click on this link to know more about eFSI: [e-Yantra Farm Setup Initiative \(eFSI\)](#).

3. **e-Yantra Ideas Competition (eYIC)**: This competition provides a platform to encourage innovative projects from robotics labs from eLSI Colleges ONLY. Student team along with a teacher as the mentor will work on a problem conceived and proposed by them. **The winners of this competition are eligible for attractive cash prizes as well as certificates and a chance to participate in the e-Yantra Summer Internship Program (eYSIP).** Competitions are conducted at regional level first and later at the national level to enable larger participation from colleges. Click on this link to know more about eYIC: [e-Yantra Ideas Competition Overview, eYIC 2018 Highlights](#).

4. **e-Yantra Symposium (eYS)**: eYS brings together the colleges which have been part of the eYIC.

**PRINCIPAL**  
**SREE RAMA ENGINEERING COLLEGE**  
**RAMIREDDY NAGAR**  
**KARAKAMBADI ROAD, TIRUPATI-517507**

through the e-Yantra Lab Setup Initiative (eLSI) for discussions and seminars on how to turn these labs into Innovation Hubs. Teachers from eLSI colleges ONLY can attend this event. It provides a platform for showcasing student/research projects that were executed in the e-Yantra labs at these colleges. Click on this link to know more about eYS: [e-Yantra Symposium](#).

**Subject: Expressing intent to participate in e-Yantra Lab Setup Initiative (eLSI)**

Dear Sir/Madam,

We understand that the MHRD funded e-Yantra project is facilitating setting up of Robotics labs at engineering colleges with the goal of spreading embedded systems and Robotics education.

In order to achieve the desired impact, e-Yantra would provide necessary support in the following manner:

1. Conducting workshops for a team of 4 teachers identified by us
2. Training the team of teachers through hands-on experiments in a step-by-step manner through Task Based Training (TBT)
3. Providing support and advice to set up a robotics lab such that by the time the teachers are trained, a robotics lab is set up at our college

On our part, we express our intent to participate in this nation-building effort by committing the following resources:

**1. Team of teachers:**

**Team leader:**

VASU NAMALA

E-mail id of Team-leader:

#### Video Conferencing Software:

Valedictory Function and Lab Inaugurations will be held completely online through "Go To Meeting" software.

To download "Go To Meeting" software click on this [download link](#). Find the button named "Join a test session" on the web page, click on "Join a test session" button.

Another webpage will pop up and it will start downloading an exe file named "GoToMeeting Opener.exe", install this software.

The **Meeting ID** and link for joining the meeting will be sent to you before **7th March 2019**. Please install the software **before 4th March 2019**.

---

#### Rehearsal

A rehearsal session will be organised on **11th March 2019** between **11:00 AM to 12:30 PM** to make sure that the setup at your college works fine. More information about the rehearsal will be sent out soon.

**Note: It is compulsory to attend the Rehearsal with the final setup for the actual Valedictory Function and Lab Inauguration.**

---

Please find the attachments below **Protocol-for-e-Yantra-Valedictory-Function and Lab-Inaugurations.pdf** for specific instructions to be followed for the Valedictory Function and Lab Inaugurations.

---

Colleges may organize the following **depending on their own interest**:

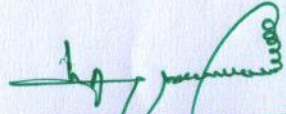

1. Press and media to cover this unique event where **multiple labs** are **inaugurated simultaneously, completely online**.
2. Continue with local events **after the online session** -- with more addresses from your college officials, teacher recognition, Lunch or Tea, etc.

You can also refer to the attached photos for arrangement during the Online lab Inauguration and Valedictory function.

**The Meeting ID and link for the Rehearsal and Original Ceremony will remain same.**

Feel free to contact us at [support@e-yantra.org](mailto:support@e-yantra.org) or you can call on 022-2576-4986 in case of any queries.

**About the College:**

*Sree Rama Engineering College was established in 2008 by the Sree Rama Educational Society with the aim to impart value based quality education to all. The institute was started with an annual intake of 240 students in 4 branches. At present, the college offers 5 B.Tech programmes and 4 M.Tech. Programmes. The institute offers MBA programme as well. This educational institution aims to provide an academically exhilarating environment allowing the students to enjoy a first class education and social experience.*

**About the Workshop:**

*Today, many of our daily appliances and equipment use electronics, sensors and sophisticated computer technologies. Circuit Designing & PCB Designing is an integral part of any Electronic Gadget or Robotics. If you know how to design any circuit & logic behind it then you can do any innovation with your creative ideas. A printed circuit board (PCB) mechanically supports and electrically connects electronic components using conductive tracks, pads and other features etched from copper sheets laminated onto a non-conductive substrate.*

**About the Speakers:**

*Mr. SHYAM AGARWAL & Mr. S. HEMANTH KUMAR , working as Embedded project developers Engineer/Team Lead with 6+ experience in Data point info solutions Hyderabad. Expert in coding new modules and enhance/modify existing modules, worked on Embedded systems and PCB design.*

## A Two Day WORKSHOP ON PCB DESIGN

in association with

**Datapoint Info Solutions & ISTE Student Chapter**

The Department of Electronics and Communication Engineering (ECE) in association with ISTE Student Chapter of Sree Rama Engineering College had organized a two day “**WORKSHOP ON PCB DESIGN**” in association with Datapoint Info Solutions on 14<sup>th</sup> and 15<sup>th</sup> October 2022. A total of 182 students were attended for this workshop. This workshop was conducted in offline.

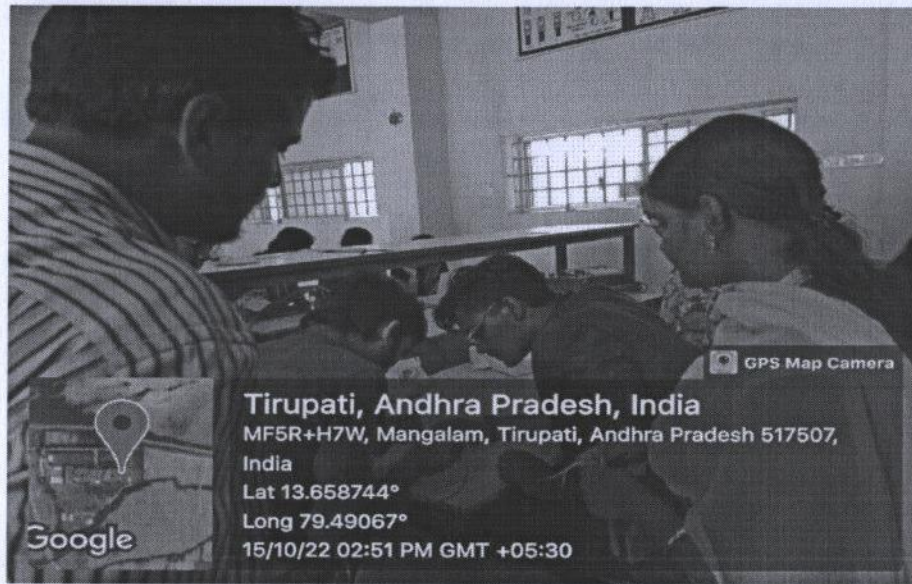

The schedule of this workshop is as follows:

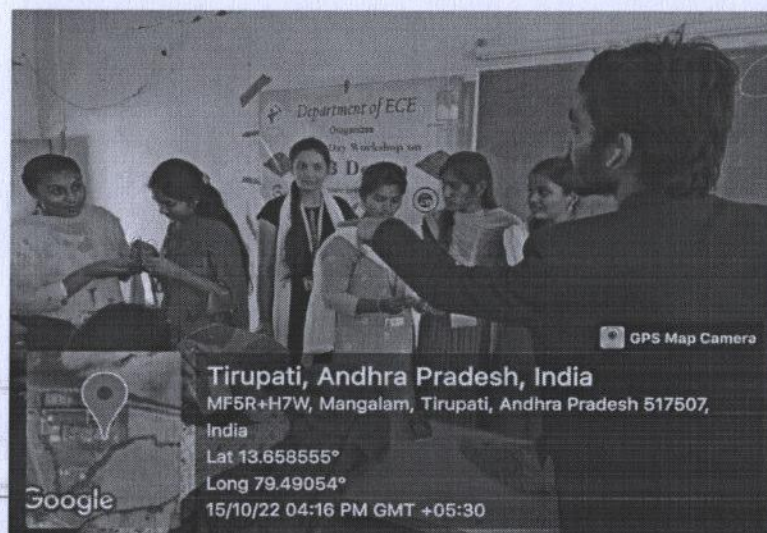

S. No.	Session	Description	Speaker
1.	14-10-2022 FN	Basic electronics introduction	Mr. Shyam Agarwal Embedded Project developer
2	14-10-2022 AN	Proteus software	Mr. Shyam Agarwal Embedded Project developer
3	15-10-2022 FN	PCB design in Proteus software	S.Hemanth kumar
4	15-10-2022 FN	PCB fabrication process	S.Hemanth kumar

Dr. K. Jaya Chandra, Principal, SREC has addressed the students and discussed about the importance of this workshop. He also instructed all the students should follow the session on WORKSHOP ON PCB DESIGN. Dr. M. Hemalatha , Professor acted as a convener and Dr.B.Lalitha , Professor acted as a co-convenor for this workshop.

*Fabrication of PCB with the help of S.Hemanth kumar*

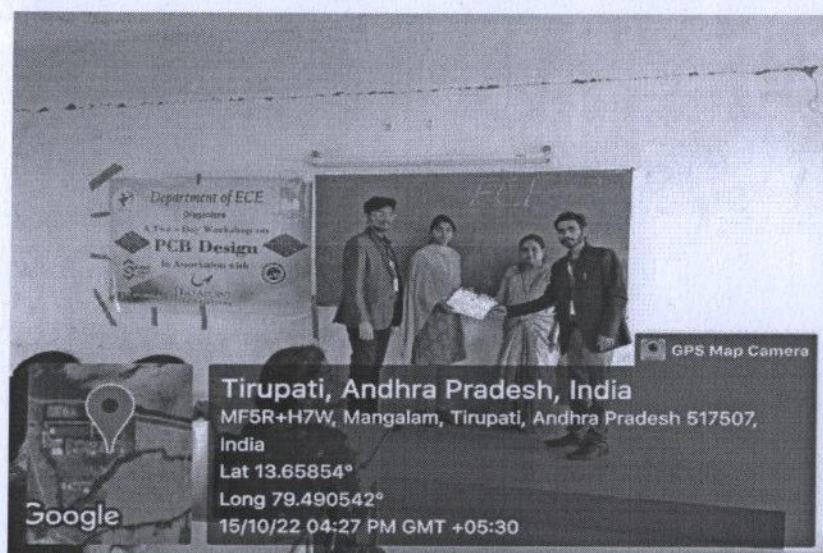

*Testing of circuit after fabrication by Shyam Agarwal*

*Distribution of certificates by by Dr. M.Hemalatha, HOD-ECE, SREC*

*Distribution of certificates by by Dr. M.Hemalatha, HOD-ECE, SREC.*

Shyam Agarwal has explained about introduction to the basic electronics and introduction to the PCB on 14-10-2022(FN). Shyam Agarwal has presented about installation of proteus software and designing layout of the circuit on 14-10-2022(AN).

S.Hemanth kumar has discussed PCB design in proteus software and print out of layout after designing on 15-10-2022(FN).S.Hemanth kumar has explained about PCB fabrication process and PCB output execution on 15-10-2022(AN).

Finally after successful completion of workshop Head of the Department has expressed his vote of thanks to External Experts and Management SRET for providing support to make this event happen and he also congratulated staff members and students for their active participation.

## **About the College**

Sree Rama Engineering College was established in 2008 by the Sree Rama Educational Society with the aim to impart value based quality education to all. The institute was started with an annual intake of 240 students in 4 branches. At present, the college offers 5 B.Tech programmes and 4 M.Tech. Programmes. The institute offers MBA programme as well. This educational institution aims to provide an academically exhilarating environment allowing the students to enjoy a first class education and social experience.

## **About the Lecture:**

The proposed program provides a good platform to participate in discussion on Industry 4.0 refers to the "smart" and connected production systems that are designed to sense, predict, and interact with the physical world, so as to make decisions that support production in real-time. In manufacturing, it can increase productivity, energy efficiency, and sustainability. It increases productivity by reducing downtime and maintenance costs.

### *A Report on Guest lecture on*

## **INDUSTRY 4.0**

The Department of ME, Sree Rama Engineering College organized a one-day Guest Lecture on "Industry 4.0" on 17<sup>th</sup> Apr' 2021. A total of 30 students were attended for this lecture. This lecture was conducted through power point presentation and its schedule is as follows:

Date	Topic	Time
17.04.2021	Industry 4.0	10:00 AM to 1:00 PM

**Resource person Mr. S. Balakumaran, on "Industry 4.0" to the students.**

The resource person starts the session with the importance of Industry 4.0 framework, identify the definition and drivers of the Industry 4.0 paradigm, discuss its potential effect, and determine obstacles of the Industry 4.0. Explained about nine pillars of industry. Briefed with examples to maintain coexistence between technology and humans, explained about transformations of Manufacturing process with IOT platforms into cyber physical systems. Industry 4.0 describes a future production system's vision; it is an inevitable revolution and radical change, covering a wide range of innovative technologies, and all sectors.

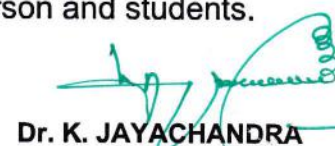

including real-time data analysis, increased visibility, autonomous monitoring, enhanced productivity, and competitiveness. Demonstrated the key features of Industry 4.0 are collaboration and integration of schemes, both horizontal and vertical. Innovation performs an essential role in organizations, sectors, countries. Industry 4.0 has enormous potential effect in many areas, and its application will have an impact across transforming the work environment. Industry 4.0 leads to potentials in three dimensions of sustainability.

Finally, he clarified the doubts to the students and ends the session with his regards to the students. Mrs. G. Shanthi, coordinator of this seminar delivered vote of thanks to the SRET management, faculty, resource person and students.

### **Course Objectives:**

- Students will be explored to the interconnection and integration of the physical world and the cyber space.
- They are also able to design & develop IOT Devices.
- To Introduce the basic principles, techniques, and applications of Artificial Intelligence.
- Become familiar with basic principles of AI toward problem solving, inference, perception, knowledge representation, and learning.

### **Course Outcomes:**

- Able to understand the application areas of IOT .
- Able to realize the revolution of Internet in Mobile Devices, Cloud & Sensor Networks .
- Able to understand building blocks of Internet of Things and characteristics.
- Apply basic principles of AI in solutions that require problem solving, inference, perception, knowledge representation, and learning.

### **A Report on A Guest Lecture on Emerging Technologies**

**On 24.07.2021**

The Training and Placement cell has organized a guest lecture on "Emerging Technologies". July 24, 2021. The Guest Lecture is organized for the benefit of III B. Tech CSE students. A total of 159 students attended for the program. The motivation behind organizing the Seminar is to introduce the trending concepts that are beyond the curriculum. The program is conducted offline in the e-class room. The session was handled by, Mr. Hemachand Ravilla, CEO, Suchir Softech Pvt Ltd, Tirupati.

**Day: Saturday (24-07-2021)**

Mr Hemachand Ravilla, CEO of Suchir Softech Pvt Ltd, took the session. This Guest Lecture will give the knowledge on Introduction to Internet of Things and Artificial Intelligence. This includes a number of separate skills that all fall under the umbrella of Internet of Things and AI. Some examples of these skills are IoT Products in current market, protocols, standards and security of IoT systems, data modelling, Data warehousing and Data preprocessing.

**Basic Electrical Applications Design using Arduino Uno**

The Department of EEE, Sree Rama Engineering College has organized a two-day workshop on "Basic Electrical Applications Design using Arduino Uno" under IEEE SRET Student Branch in association with Hyderabad Institute of Electrical Engineers (HIEE) scheduled on 18<sup>th</sup> & 19<sup>th</sup> November 2022. The objective of this workshop is to Design an interface to embedded systems using real time sensors with Arduino for all III B.Tech & IV B.Tech EEE students of our college. A total of 55 students were attended to this workshop. The Resource person for this workshop was Dr. G. Hari Krishnan, Associate Professor of EEE, Sree Vidyanikethan Engineering College, Tirupati.

The banner features a dark background with white and yellow text. At the top left is the Sree Rama Engineering College logo, followed by the IEEE SRET logo. To the right is the HIEE logo and a portrait of Sri M. Rami Reddy, N.A. H.D.C. Chairman, Ex. E.C. Member, S.V. University. The main title is "A Two Day Workshop on 'Basic Electrical Applications Design Using Arduino Uno'" in large, bold, white letters. Below this, it says "Under IEEE SRET Student Branch in Association with HIEE" and "18<sup>th</sup> & 19<sup>th</sup> November 2022". A portrait of Dr. G. Hari Krishnan is shown on the left, with his name and title "Resource Person: Dr. G. ### **About the Institute:**

Sri Mannem Rami Reddy garu, the founder of Sree Rama Educational Society started SREE RAMA ENGINEERING COLLEGE (SRET) with an aim to impart quality education to the student community of backward region of Rayalaseema in the year 2008. His outstanding personality, acumen and magnificent vision have made him a benevolent patron of the institutions. We are very much pleased to introduce ourselves as one of the upcoming Engineering Colleges aspiring to provide high standards of technical education. SRET fosters a vision of educational transformation in keeping pace with the times. It emphasizes a symbiotic relationship among the students, faculty, academic curriculum and industries. The institution offers a holistic approach to technical education, personality development and soft skills.

### **Vision of the Institute:**

Sree Rama Engineering College strives to be one of the best educational institutions in the country by transforming the students into multifaceted individuals with a penchant for academic excellence in the field of Engineering & Management with moral & ethical values and moulding them as empowered citizens to meet the global requirements.

### **Mission of the Institute:**

- ❖ To be a student-centric campus with innovative, creative learning by a collaborative approach with all the stakeholders for offering an industry-specific course apart from the regular curriculum.
- ❖ To create a conducive environment for students towards research, innovation with state-of-the-art infrastructure facilities.
- ❖ To develop global leaders with human & ethical values by continuous mentoring and nurturing them to acquire their dreams

### About the Department:

The MBA Department was established in the year 2009. The department is running with well-qualified dedicated and experienced faculty. The faculty guides the students in various aspects like Interpersonal and people management skills, Ethical decision-making, Strategic analysis and research. Department offering Finance, Marketing and Human Resource management specializations.

### Vision

To be a most preferred center for pursuing Management Studies, learning management techniques and principles and contributing to the personal, corporate, societal, and national progress of individuals, corporations, and nations.

### Mission

- ❖ To encourage students to develop professional competence by providing continuous knowledge updates, empathic leadership traits, and strategic linkages with industry and practitioners.
- ❖ Developing pupils' entrepreneurial skills and instilling good social and ethical values.
- ❖ Creating a robust industry-institute partnership.

### About the FDP:

Writing a scientific article is a daunting task but needs to be accomplished to be considered for publication in appropriate journals. A scientific experiment or project is not considered complete unless the outcome is disseminated to the fraternity. The entire work conducted by the researcher has to be written as a scientific document keeping in mind the heterogeneity of readers and the range of journals which consider submission of manuscripts for the purpose of publication. The purpose of publication is not only for getting promotions, evidence build up and peer recognition but also as a measure of work done by competent people in relevant field.

*in association with Sree Vidyanikethan Engineering College*

IQAC cell of Sree Rama Engineering College has organized a three-day faculty development program on “ICT Tools in Teaching-Learning process” in association with Sree Vidyanikethan engineering college under the AICTE Margadarshan scheme from 28.09.2021 to 30.09.2021.

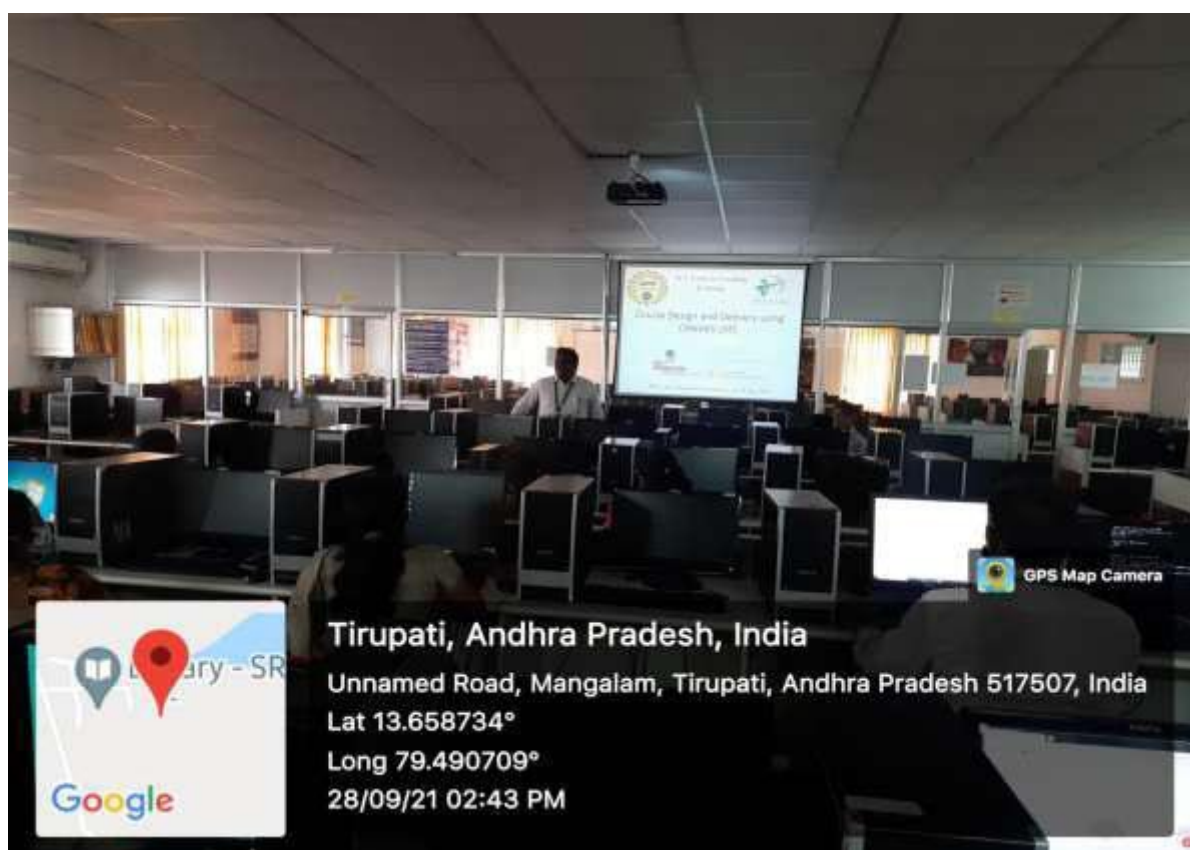

The FDP focused to create awareness of Course Design and Delivery using CANVAS LMS Platforms, Activity-based Learning-TPS, Flipped Class Room and Blended Learning, Lecture video creation and publishing in open networks, Blog Creation and Management process.

Detailed Program Schedule:

S.No	Date & Day	Description	Resource person
1.	28.09.2021 Tuesday	Course Design and Delivery using CANVAS LMS Platforms.	P.Madhu Kumar Asst. Professor(SL) of ECE, SVEC
2.	29.09.2021 Wednesday	Activity based Learning-TPS.	Dr.K.Ramani Professor and Head, Dept. of IT, SVEC.
3.	30.09.2021 Thursday	Flipped Class Room and Blended Learning.	Dr.K.Ramani Professor and Head, Dept. of IT, SVEC.
		Blog Creation and Management.	Dr. P V Ramana Dean Academics & Professor of ECE, SVEC

Dr. K. Jaya Chandra, Principal, SREC welcomed all the distinguished lectures from the mentor institute and participants. In the welcome speech, he highlighted the significance of ICT Tools in Teaching Learning. He also instructed all the faculty members should follow all the FDP sessions without fail.

***Dr. K. Jayachandra, Principal, SREC, Tirupati is delivering the welcome speech in the inaugural function***

On the 1<sup>st</sup> day, Mr. P. Madhu Kumar, Asst. Professor (SL), Dept. of ECE SVEC, gave a lecture on significance of Course Design and Delivery using CANVAS LMS process. He illustrated the ADDIE Approach with real life examples. He clearly explained the requirement of Digital signature for course, sharing everything in a blended course at one point, challenges in making DIDACTIC choices. He also discussed the expectations of an employer on students.

*A Report on*  
*One Week Faculty Development Program on*  
**Outcome Based Education and NBA Accreditation Process**  
*Sponsored by AICTE under Margadarshan Scheme*  
*in association with Sree Vidyanikethan Engineering College*

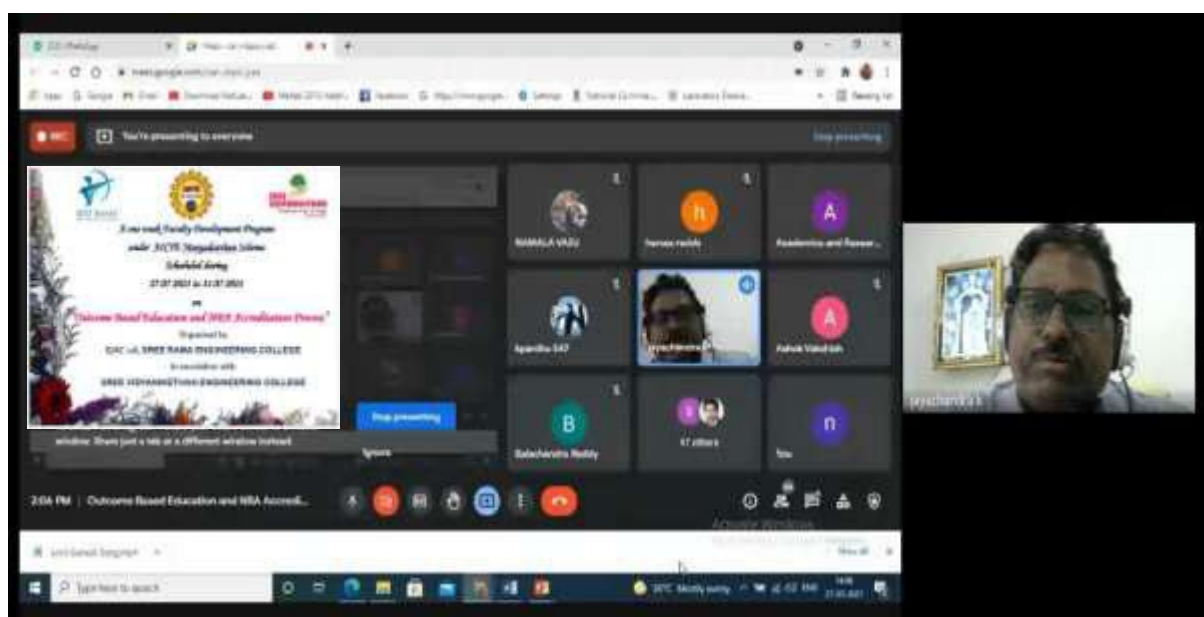

Sree Rama Engineering College has organized a one week AICTE sponsored faculty development program on Outcome Based education and NBA Accreditation process under margadarshan scheme from 27.07.2021 to 31.07.2021 in association with Sree vidyanikethan engineering college, Tirupati. The FDP focused to create awareness on Outcome Based Education, Vision & Mission of Institute and department, mapping of CO-PO & its attainment levels and preparation of self-assessment report for NBA accreditation process.

This FDP was conducted in online through google meet and its schedule is as follows:

S. No.	Date & Day	Description	Resource person
1.	27.07.2021 Tuesday	Inaugural address on NBA Accreditation Washington Accord Membership its Advantages	Prof Dr.P.Giridhara Reddy Director, SVEC
		Outcome based Education	Dr.T.Devaraju Professor of EEE, SVEC
2.	28.07.2021 Wednesday	Process for defining the Vision and Mission of the Institution & Department and PEOs, POs and PSOs of the program	Dr.T.Devaraju Professor of EEE, SVEC
		Course Outcome, Program Outcome Mapping	Dr. P V Ramana Dean Academics & Professor of ECE, SVEC
3.	29.07.2021 Thursday	Course Outcome, Program Outcome Assessment and Attainment	Dr. P V Ramana Dean Academics & Professor of ECE, SVEC
4.	30.07.2021 Friday	Blooms taxonomy and Design of Outcome based Question Paper	Dr. B. Narendrakumar Rao Professor & HOD CSE, SVEC
5.	31.07.2021 Saturday	Preparation of NBA SAR	Dr.C.Madhusudana Rao Professor of CSSE, SVEC

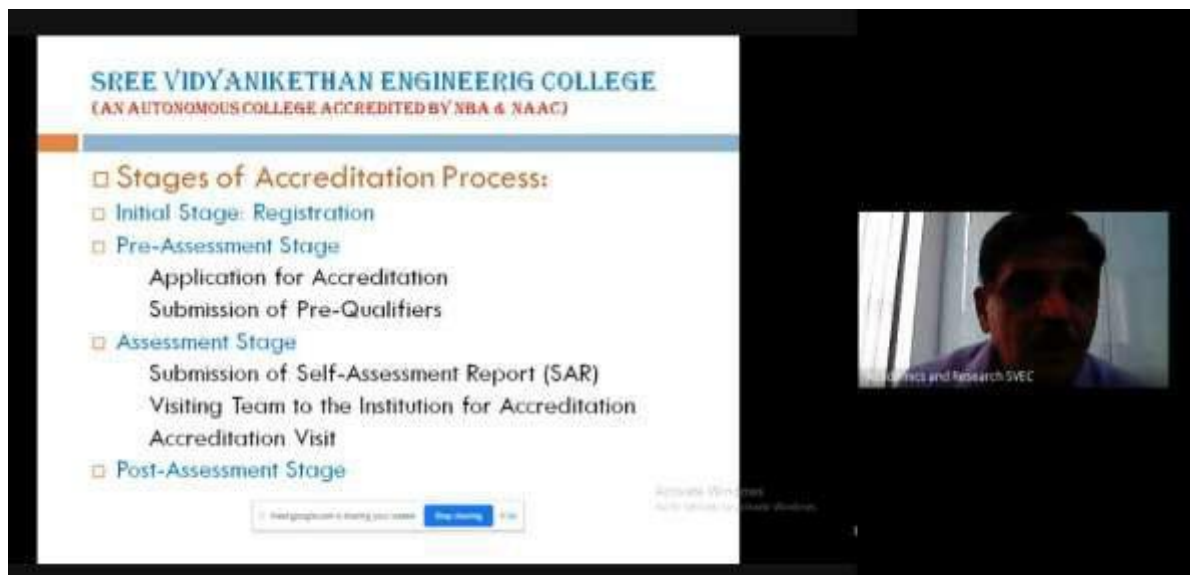

Dr. K. Jaya Chandra, Principal, SREC welcomed all the distinguished lectures from the mentor institute and participants. In the welcome speech, he highlighted the significance of outcome based education and NBA accreditation. He also instructed all the faculty members should follow all the FDP sessions without fail.

On day 3, Dr. P. VenkataRamana visited our college and demonstrated the attainment of CO – PO for theory, laboratory, seminar and project work courses. He also explained the preparation of faculty course assessment report and described how to write comments and action taken for the COs which are not attained with the target levels.

*Dr. P. Venkataramana, Dean Academics and Professor of SVEC, Tirupati demonstrating CO – PO attainments and preparation of FCAR to the faculty members in SREC*

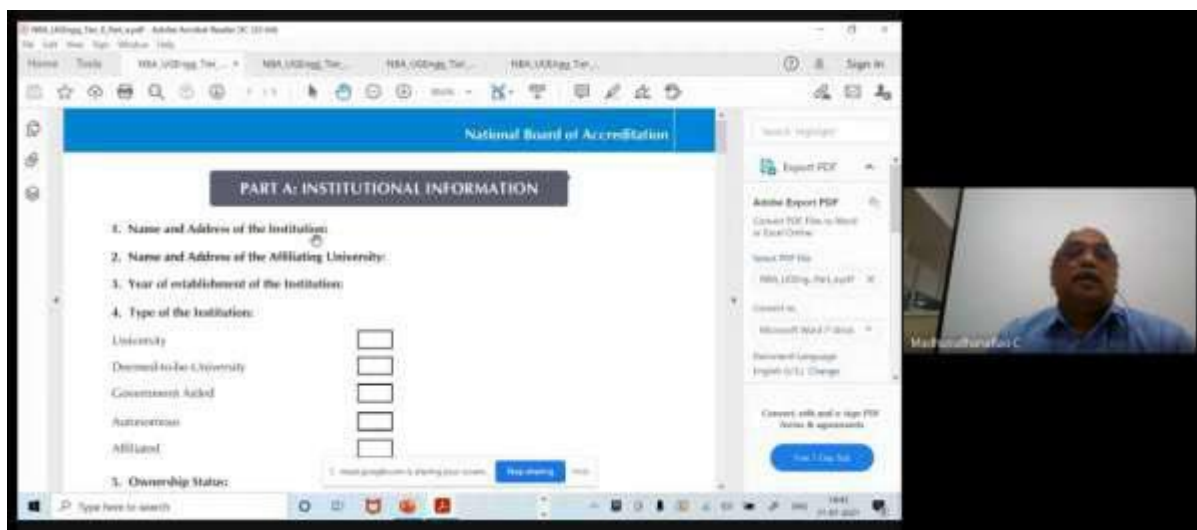

On day 4, Dr. B. Narendra Kumar Rao, Professor and HOD of CSE department, SVEC delivered a lecture on design of question paper in OBE with blooms taxonomy. He started the session with an introduction of blooms taxonomy and later he described how to frame the questions in the internal assessment tests with appropriate COs and blooms level.

The screenshot shows a Zoom meeting interface. The main window displays a presentation titled "BLOOM'S TAXONOMY DIGITAL PLANNING VERBS". The presentation is organized into six columns, each representing a level of Bloom's Taxonomy: REMEMBERING (purple), UNDERSTANDING (blue), APPLYING (green), ANALYZING (yellow), EVALUATING (orange), and CREATING (red). Each column lists various digital planning verbs associated with that level. For example, under REMEMBERING, verbs include Copying, Defining, Finding, Locating, Quoting, Listing, Googling, Repeating, Retrieving, Outlining, Highlighting, Memorizing, Networking, Searching, Identifying, Selecting, Tabulating, Duplicating, Matching, Bookmarking, and Bullet-pointing. The right side of the Zoom window shows a grid of participant video feeds, including Vasu N, Sandhya Reddy, deepak kumar, Kuncha Jayachandra, and V SRAVAN MATHS. The bottom of the window shows the Zoom toolbar with icons for mute, video, chat, and other controls.

On day 5, Dr. C. Madhusudhan Rao, Professor of CSSE department, SVEC presented a lecture on the preparation of Self-Assessment Report (SAR) for NBA Accreditation. He explained the step by step procedure for filling every field in SAR. Finally he cleared all the doubts asked by the participants and ends the session with his regards to the sreerama engineering college.

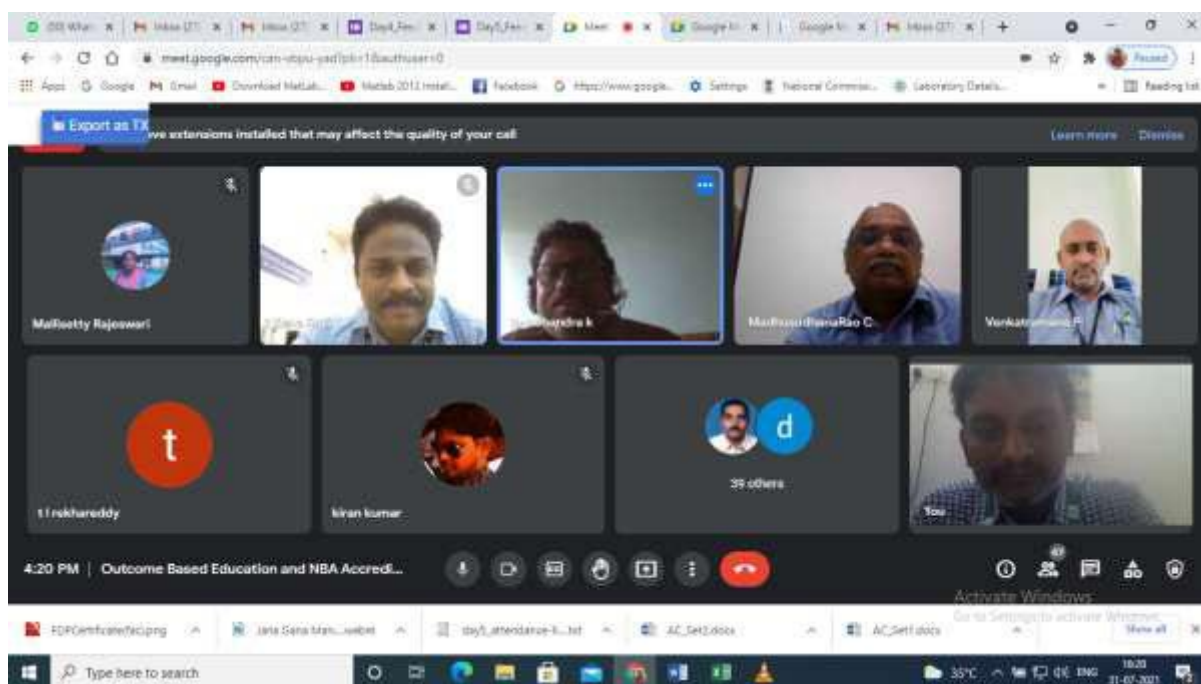

The screenshot shows the National Board of Accreditation (NBA) website. The main content area displays the "PART A: INSTITUTIONAL INFORMATION" section of the Self-Assessment Report (SAR) form. The form includes fields for: 1. Name and Address of the Institution, 2. Name and Address of the Affiliating University, 3. Year of establishment of the Institution, 4. Type of the Institution (with radio buttons for University, Deemed to be University, Government Aided, Autonomous, and Affiliated), and 5. Ownership Status. The right side of the screen shows a sidebar with options to "Export PDF", "Active Report PDF", and "Convert PDF File to Word or Excel Online". A video feed of Dr. C. Madhusudhan Rao is visible in the bottom right corner of the screenshot.

*A Report on*  
*One Day Workshop on*  
**Writing & Publishing a Research Paper**  
*Sponsored by AICTE under Margadarshan Scheme*  
*in association with Sree Vidyanikethan Engineering College*

The IQAC cell of Sree Rama Engineering College has organized one day workshop on “Writing and Publishing a Research Paper” under AICTE Margadarshan scheme on 15<sup>th</sup> December 2021 in association with Sree Vidyanikethan Engineering College, Tirupati. The main aim of this workshop is to create awareness on publishing the research work in peer reviewed journals for the faculty members and PG students.

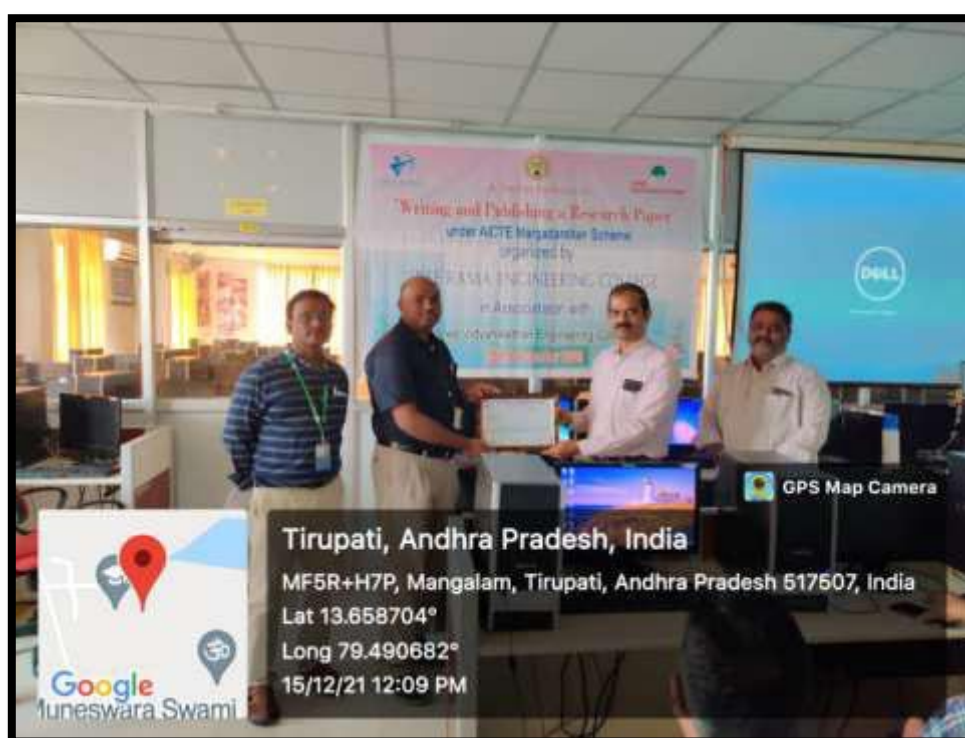

The schedule of this workshop is as follows:

S. No.	Session	Description	Speaker
1.	Forenoon session	Preparation of research article; tools for preparing article and identification of cloned journals	Dr. T.V.V. Satyanarayana Associate Professor of ECE, SVEC
2.	Afternoon session	Preparation of review paper; indexing a publications, identification of peer reviewed journals and publication ethics	Dr.M. Sunil Kumar Professor of CSE, SVEC

Dr. K. Jaya Chandra, Principal, SREC welcomed all the distinguished lectures/speakers from the mentor institute and participants. In the welcome speech, he highlighted the significance of publications for an academician/. He also instructed all the faculty members should follow all the workshop sessions without fail.

Dr. T.V.V. Satyanarayana, starts the forenoon session with the discussion on types of articles and structure of manuscript. Later, he illustrates how to frame the title for research paper, points to be discussed in the abstract, way to select keywords, procedure to inscribe the Introduction part, developing of problem statement from the existing research work, presentation of methodology, interpretation of results and drawing conclusions. He also demonstrates the tools used for preparing research paper i.e., Grammarly which is a cloud-based writing assistant that reviews spelling, grammar, punctuation, etc., and Mendeley which is used to manage and share research papers and generate bibliographies for articles. Finally, he also gives the information about identification of cloned journals and process of reviewing a research article by the reviewer.

*Felicitating of Dr. T.V.V Satyanarayana by Dr. J. Naga Muneiah, Professor of CSE, SRET*

In the afternoon session, Dr. M. Sunil Kumar describes the structure and procedure to write a review paper and indicate the list of journals for publishing a review paper. He creates awareness on Impact factor and H-index for a journal and shared the list of Web of Science (WoS), Scopus and SCI Indexed journals. Later, he demonstrated the manner of checking plagiarism content in the research paper using turnitin software, significance of creating research id in scopus.com, publons.com and research gate for an academicians. He also shared his research experience with our faculty members.
