DATE: 30/09/2022

CIRCULAR

All the students of I B.Tech are informed that the Department of Basic Sciences & Humanities is organizing an **"INDUCTION PROGRAMME"** for I B.Tech Students under ISTE student chapter from 30-09-2022 to 15-10-2022 as per the schedule given by the University. Hence all the I B. TECH Students should attend the college and actively participate in the programme.

A Report on

Induction Programme

For I B.Tech. Students in the Academic Year 2022 – 23

Sree Rama Engineering College has organized a one-week Student Induction Program for the I B. Tech students (admitted in the academic year 2022 – 23) from 30.09.2022 to 17.10.2022. The program was inaugurated with the lighting of the lamp by the Chief Guest **Prof. O. Mohammad Hussain**, Registrar of Sri Venkateswara University, Tirupathi. He addressed the parents and students with warm greetings. **Prof. O. Mohammad Hussain** briefed about the importance of Technical Education and the importance of communication skills for Technical students.

**On the Dias Prof. O. Mohammad Hussain, Registrar of SV University, Tirupathi;
Sri. M. Rami Reddy, Chairman, SRET and Dr. K. Jayachandra, Principal, SRET**

Objective:

The objective of the Induction program is to

- Make the students feel comfortable in their new environment and open them up
- Create awareness of engineering education
- Set a healthy daily routine
- Build a relation between faculty and students and overall personality development

- Impart values and ethics to students

Dr. K. Jayachandra, Principal, SRET addressing the gathering

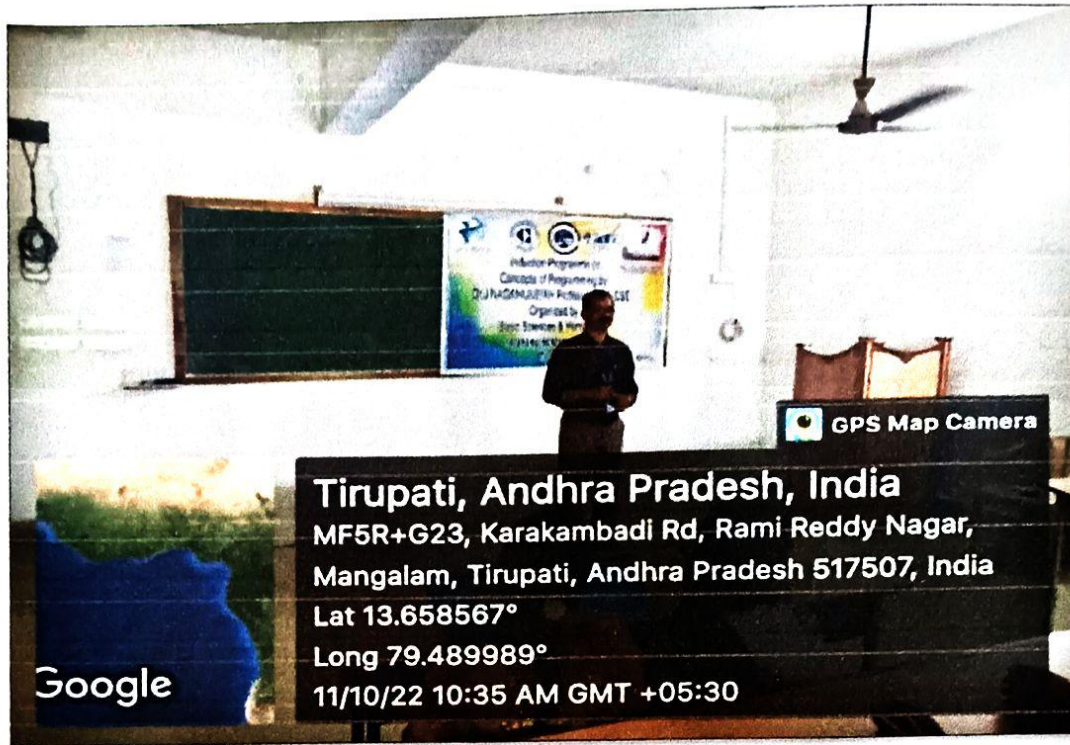

Major Activities:

The list of major activities conducted under the induction program are as

- *Physical activity:* This would involve a daily routine of physical activity games and sports including yoga which will help them to develop team spirit.
- *Career Counseling:* focus on how the individuals manage their journey through life, learning and work (career). This includes career exploration, making career choices, managing career changes, lifelong career development and dealing with other career related issues.
- *Basic Mathematics and Science:* Focus on basic mathematical tools and science concepts that were required to analyze core engineering courses.
- *Creative Arts:* Students would choose one skill related to the arts whether visual arts of performing arts example painting, dancing, music, etc.
- *Universal Human Values:* If gets the students the explore one themselves and allows them to experience the joy of leaving stand up to peer pressure, take decisions with courage etc.
- *Communication Skills:* Focus on Listening, Speaking, Reading and Writing Skills.
- *Concepts of Programming:* This enables the student, how to thinking logical and develops the programming knowledge.

Name of the Event: Concepts of Programming

About the Event: Dr. J. Naga Muneiah, Professor, Department of CSE, and G. Lakshmikanth, Assistant Professor of CSE have explained about logical thinking and steps to write a program, and developed the knowledge on fundamentals of programming.

Prof. J. Naga Muneiah, Professor of CSE explaining the concepts of Programming

Mr. G. Lakshmikanth, Assistant Professor of CSE explaining the concepts of logical thinking

Name of the Event: Training Program on Communications skills

About the Event: Academic success depends on solid communication skills, beginning with clear oral communication. Students with oral challenges may also become embarrassed if they are unable to communicate on pair with their peers. If a student stutters or mumbles they may become fearful of speaking up in class, and this in turn can lead to lowered grades and diminished self-esteem.

K. Gunvathi, Assitant Professor in English and A. Usha, Assitant Professor in English explained verbal, nonverbal, visual and written communication skills to the students with nice examples.

Name of the Event: Yoga And Meditation

About the Event: The yoga therapy specialist **Mr. S. Amarnath** has given training to the I B. Tech students about yoga and meditation. The students have actively participated and performed several Yogasanas.

Students performing Yogasanas along with the trainer Mr. S. Amarnath

Students Performing Pranayama a breathing exercise

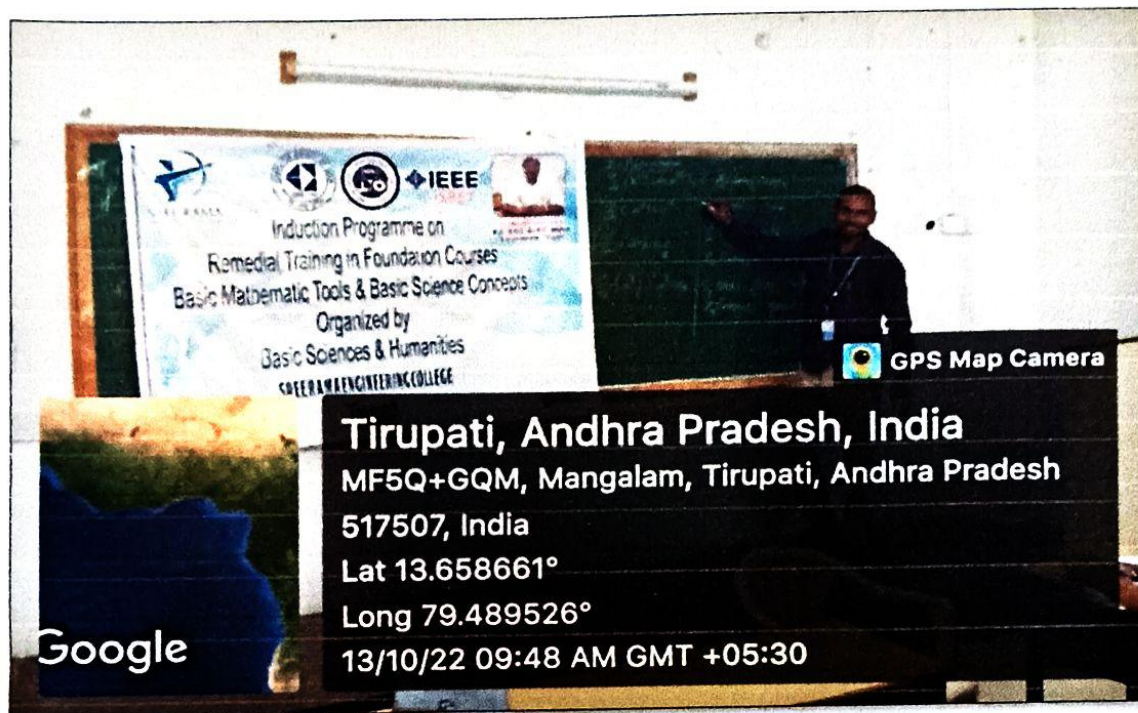

Students performing Meditation

Students Performing Pranayama a breathing exercise

Name of the Event: Basic Mathematical tools & Science concepts

About the Event: In order to analyze the engineering courses, the students were required to be familiar with the basic concepts of mathematics and science. Hence orientation courses on mathematics were given by Mr. V. Sravan Kumar and bridge course on basic science concepts was given by S. Dhananjaya.

Mr. V. Sravan Kumar explaining about Basic Mathematic Tools

Mr. S. Dhananjaya explaining about Basic Science Concepts

Name of the Event: Department orientation

About the Event: Dr. K. Jaya Chandra, Professor in Civil, Dr. M. Hemalatha, Associate Professor in ECE and Dr. A. Muni Sankar, Associate Professor in EEE, and Dr. J. Nagamuniah, Professor in CSE, were given clear introduction to their respective departments and importance of studying respective branches and showed their labs and explained briefly.

Dr. M. Hemalatha, Associate Professor in ECE, giving orientation on Dept. of ECE

Name of the Event: Human values & Professional Ethics

About the Event: The Resource person and eminent speaker was Sri. Sawmi Sukritananda Ji. He has given speech on Human values & Professional Ethics for I B.Tech students. Basic human values refer to those values which are at the core of being human. The values which are considered basic inherent values in humans include truth, honesty, loyalty, love, peace, etc. because they bring out the fundamental goodness of human beings and society at large. Students were actively participated.

Sri. Sawmi Sukritananda Ji Addressing the gathering

Sri. Sawmi Sukritananda Ji explaining the importance of Human Values and Ethics

Name of the Event: Physical Activity--Plantation

About the Event: Ms. K. Gunavathi, Assistant Professor in English and Ms. K. Rajitha, Assistant Professor in Physics have planted the trees along with the I B. Tech students and they motivated the students for tree plantation. They explained the importance of tree plantation like to create a fresh environment, looks soothe, beautiful appearance, purifies air, reduces stress.

Tree Plantation program by the students in the nearby villages

Name of the Event: Physical Activity - Sports

About the Event: Mr. P.Chandra Sekhar, Physical Director directed and guided the students in playing of sports activities like Throw ball, Tenni coit, Kho-Kho for girls and kabaddi, Volley ball, Cricket etc. for boys and he told to students about Playing various sports helps them teach life skills such as teamwork, leadership, accountability, patience, and self-confidence and prepares them to face life challenges. Students get a chance to work on their physical and mental abilities to achieve goals in their life.
