

Chairman's Message

INCREASING CONFIDENCE & COMPETITIVENESS

Free Rama Engineering College was started in 2005 by the Free Rama Educational Society with the aim to impart value-based quality education to all. Education is a very essential contributing element in both social mobility and economic development. Our mission is to encourage students to develop confidence, self-motivation, research and problem-solving, and help them importantly to meet assessments. Further more, we aim to provide an academically enriching environment allowing our students to attain a first class educational and social experience. We give top priority to students with knowledge, I hereby welcome the young capable students to be a part of us while learning, and pass out successfully by its notable efforts. I strongly believe that students from Free Rama Engineering College will be well-equipped to meet the challenges of the global market place and demonstrate an exceptionally high aptitude among the employees. I assure that you study here will be a pleasant experience to be enjoyed and cherished forever.
