#### CIRCULAR

According to the notification, AP Pollution Control Board, the ban on single-use plastic bags has come into effect in Andhra Pradesh from December 31, and the government will be imposing a hefty penalty on the use of single-use plastic bags which are less than 120 microns. This is part of its measures to implement guidelines of the Supreme Court of India over the use of single-use plastic.

In this regard, all the Faculty, Staff and Students of Sree Rama Engineering College are requested to strictly adhere to avoid the use of plastic in and around the college with immediate effect and make the campus clean and green. In canteen paper cups, paper covers and eco-friendly products can be used as alternative measures.

Usage of one-time use plastics may be allowed in unavoidable circumstances.

All are requested to kindly cooperate and replace it with environment friendly alternatives

## Say no Plastic Drive

Students create an awareness to the villagers about the problems faced while using the plastic after that they cleaned the plastic in village surroundings.

*A Report on*

Say No To PLastic

Theme: "I Educate and Support"

The NSS UNIT of the college is organized "Say no to plastic at Annaswamipalle" on 18-03 2022

The campaign was carried out in one of the adopted village of Luksar, under the flagship of Unnat Bharat Abhiyan.

The objective of the campaign was to create awareness about the hazard of polythene bags. The campaign was named 'Say No to Plastic' with the theme "I Educate and Support". Banners bearing this slogan were displayed at various places in the locality. The NSS Students of SREC divided themselves into groups of four. Each group visited the people in their homes. People were told how the use of polythene bags pollutes the environment. They were also educated that polythene was not biodegradable and that these bags could choke the sewers. They could also spoil the fertility of the soil. Shopkeepers in the locality were requested to give up the use of polythene carry-bags.

People showed great interest in the campaign. Many of them promised never to use polythene bags in future. The campaign was a great success. Everyone in the locality praised the initiation undertaken by SREC for their good work.

Last but not the least, free reusable bags were distributed to all the participants and people of the village.
